HARDWARE AND CUTLERY, FALL STOCK FOR 1352. THE undersigned are now in receipt of their entire stock of HARDWARE and CUTLERY for the Fall Trade, and in calling the attention of the mer-chants of Tennessee, Kentucky, and North Alabama, to their stock now in store, they feel confident that it will be found to compare favorably, both as to quantity and assortment, with that of any other House in the country. Experience has already demonstrated to the satisfaction of a large majority of dealers in this section of the country, that in the article of Hardware at least, the Nashville mar-

ket is preferable to those of New York and Philadelphia; for the simple reason that this description of goods will not bear the heavy expenses of transportation which must necessarily accrue when brought through by canals and rail-roads. The undersigned are also enabled to place their customers on an equal footing with those purchasing in any other market, from the fact that their European goods being all imported direct from the manufacturers by way of New Orleans without touching New York, thus enabling them to offer their goods at a small advance on importation cost.

Merchants, Blacksmiths, Carpenters, &c., visiting Nashville are invited to call and examine their stock before purchasing. bear the heavy expenses of transportation which must nec-

DR. BLEDSOE'S ALTERATIVE COMPOUND The Remedy over all Remedies for the Diseases of the Liver Dyspepsia, Enlargement and Inflamation of the Spicen Hearthurns, Colic Flatalence, Piles, Constripation, all

diseases of the Bowels, and such diseases as arise from a disorderd state of the Stomach, Liver or Bowels, as Sorofula and Sores of any kind. For General Debility, from which Ladies frequently suffer, there is not its equal in the whole Materia Medica. THE inventor of this preparation was for three years a completely prostrated from Dyspensia and inactivity of the Liver that he was frequently for weeks at a time unable to

raise himself from his bed. He sought aid from physicians at home and in Europe, but in vain; his case was pronounced hopeless by thousands, and it was by accident that he succeeded in curing himself. Since he has been practicing medicine, his success in such cases has been unrivalled. He has been aware of the incredulity of the public, and consequently said nothing through the press of his own case, until the character of the medicine was fully established by its success, as shown by the certificates which have been I subjoin the certificate of Prof. M. GABBERT, of Memphis.

ith whom I often advised during the time Мемриіз, Tenn., April 17, 1852. I hereby certify that I have been acquainted with Dr.J

N. Bledsoe and some years ago he was reduced I celieve lower than I have ever seen any one that afterwards recovered, with what I supposed to be Dyspepsia and Liver affection, and after trying the prescriptions of many Physicians in this as well as other countries, without relief, he finally succeeded with a preparation of his own in being restored to good health.

M. GABBERT, M. D.

Physicians are requested to try this preparation. We feel satisfied it will sustain the character we give to it in this HUNTSVILLE, January 12, 1852.

Dr. BLEDSOE:-I take the liberty and fell it to be my duty to recommend to all persons suffering from disease of the stomach and bowels, your Alterative Compound, as a very seperior medicine. My son, aged 15 years, had been under medical treatment about five years for dyspepsia and diarrhea—when having almost despaired of his recovery, I concluded to try your Alterative, two bottles of which, I believe, MICAJAH CAYCE.

HUNTSVILLE, Oct. 17, 1852. Dr. Bledson:—Some time has elapsed since I gave a certificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saying to the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stomach from dyspepsia. I had tried of several whom I thought to be the best special or in the place and a great many different that the special ways the place and a great many different that the place and a great many different that the place and the great that the best physicians in the place and a great many differen medicines, with momentary relief. Being persuaded to try your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would conscientiously recommend it to all persons suffering from diseases of the liver and dyspepsia.

N. B. ROBERTSON.

HUNYSVILLE, Sept. 29, 1851. Dr. Bledson-Having seen the publication of your Alterative Compound, I think it my duty te say to the public, that I had been for years subject to spells of Cramp Colie, in its worst form; that I had tried almost every thing that is given by physicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which has relieved me in every attack in less than an hour. WM. B. LLOYD.

GILES COUNTY, Tenn., Dec. 23, 1851.

Dr. Bledsok:—I feel that I should fall short of my duty to you and to those who are afflicted, were I not to further recommend your Alterative Compound. It has entirely re-lieved me, so that I have not had cause to take anything in two months. I can eat anything I want with impunity, and believe my health is as good as it ever is at my advanced age. Should I ever suffer from dyspepsia again I shall be sure to call on you. I am very respectfully your friend.

ELIZABETH J. HARWOOD.

Huntsville, Ala., August 24, 1851.

This is to certify, that I had suffered for many years with Dyspepsin and Diseases of the Liver. Physician after Physician had prescribed for me without my receiving any benefit, when I commenced the use of Dr. Bledsoe's Alterative Compound, which cured me soundly, and I recommend it because of the same happy effect upon others of my acquaint JOSEPH CAROTHERS.

HUNTSVILLE, Ala., March 8, 1852. Dr. Blensor:—Sir: Judging from the certificates you have already advertised, it will be almost unnecessary for me to add further evidence in regard to the healing virtues of your Compound; but I must say, that for years I suffered a great deal from Dyspepsia and enlargement of the spleen, and thought that I never would recover. I commenced taking your compound about nine weeks since, and have gained 25 or 30 pounds, and feel about as well as I ever did.

And after 25th of March, at Carrolville, of the Resident Engineer.

Some portions of the 1851/2 miles now offered for contracts, are heavy cuttings and fillings, and the whole line very desirable work; the light gradings being mostly from side borrowing: the line occupies the high, rolling and healthy country intermediate between the Mississippi and Tennessee

Rivers, by both of which rivers easy access can be had to all points of the work, by an average land travel of 12 to 40 miles. Within a short time after this letting, 39 miles more and the last of the main road will be ready for contract, together with about 100 miles of branch roads.

The attention of Contractors is invited to the work, above

described, as most advantageous for their profitable employment, in consequence of the alluvial character of the country, low price of provisions and animals, and a very temerate and salubrious climate.
